

BANDITS SEIZE \$148,000

DAVIS TAKEN IN SWINDLE PROBE

CANTON, O. — (By Associated Press) — Zebulon W. Davis, wealthy Canton and Cleveland manufacturer, was arrested here today by Deputy U. S. Marshal D. J. Conner on a charge of using the mails to defraud. Davis, thru his attorneys, waived a reading of the affidavit, when arraigned before U. S. Commissioner Julius Whiting, Jr., and was released on \$25,000 bond for his appearance in the federal court in Chicago.

FACE COURT TODAY
CHICAGO — (By Associated Press) — Charles W. French and his alleged associates charged with a \$50,000,000 swindling conspiracy are to be arraigned here today before a United States commissioner. It was expected. The alleged members of the so-called "swindling trust" are expected to face technical charges of using the United States mails to defraud.

John W. Worthington, under indictment in connection with the handling of stolen mail securities, will probably be arraigned later in the French case, it was said.

Other alleged associates of French include Rudolph E. Kohn, vice president of the American Rubber Company; Charles W. Hawkins, Cleveland broker; A. L. Striplin of Milwaukee, Alva W. Harshman, former secretary of French; Elmer L. Gerber, Cleveland structural engineer; Charles H. Denicke, James Howard Leets and Charles H. Strobel.

Others may be taken into custody later and there were indications that the state, as well as the federal government, may file charges.

It was expected that John V. Clinan, assistant United States district attorney in charge of the case, would take up most of today going over papers and correspondence with Harshman, who has turned government witness and is engaged in explaining to the authorities the intricacies of the various "tricks" in which the group is alleged to have been implicated.

GLASS WORKERS RESUME WAGE CUT CONFERENCE

CLEVELAND. — The wage committee of the National Window Glass Workers' Association today resumed consideration of the manufacturers' offer of a 28 per cent wage reduction. A conference was held last night but no decision was reached. Denial that an agreement affecting "hand plants" had been reached at a conference with manufacturers in Pittsburgh last Wednesday was made by Joseph Neenan, president of the union. Pittsburgh dispatches stated Neenan had accepted a 28 per cent reduction.

100 RESCUE TEAMS RACE FOR HONORS

ST. LOUIS. — (By Associated Press) — One hundred mine rescue, and first aid teams, representing 25 states and Canada and Mexico, will compete for honors at the annual International First Aid and Mine Rescue Meet here September 1, 2, and 3 under the auspices of the United States Bureau of Mines. In co-operation with mine operators associations, miners organizations, the National Safety Council and the Red Cross.

Under conditions, approximating as closely as possible those found in mines during disastrous fires and explosions, teams will rescue supposedly entrapped miners from a specially constructed gallery and other teams will administer first aid to supposedly injured miners.

John J. Lewis, president of the United Mine Workers of America, United States Senator Miles Poindexter of Washington, chairman of the Senate Committee on mines and approximately 1,000 mining men from all parts of the country are expected to attend the meeting.

ZR-2 PROBE TO BE MADE IN SECRET

HOWDEN, England. — (By Associated Press) — Formal investigation of the disaster which destroyed the dirigible ZR-2 on Wednesday afternoon and caused the deaths of more than forty of her personnel, began here today. Sir Hugh Montague Trenchard, British air marshal, was in charge of the inquiry, a number of British and American officers were present to give testimony.

Plans for the investigation did not contemplate public sessions of the court and it was believed probable that nothing would be given publication until after the findings of the court had been communicated to the British government.

The work of lifting the wreck of the ZR-2 from the Humber river at Hull continued today. Two bodies, those of Albert L. Loftin, an American who was acting as mechanic on board the dirigible, and Flight Sergeant A. P. Martin, a British member of the crew, were recovered yesterday.

BUILDING BURNED
WARREN, O. — A creamery building owned by the George S. Hart Company of New York was completely destroyed by fire today. The loss is estimated at between \$6,000 and \$8,000. Origin of the fire has not been traced.

BOY KILLED
BELLEFONTAINE, O. — Harold Albert, 18 years of age, today died four hours after his skull was fractured when his motorcycle went into a ditch.

REHEARING IS ASKED IN RAILROAD FARE INCREASE

WASHINGTON. — Asserting that only five members, a minority of the interstate commerce commission, concurred in the decision that the Wheeling Traction Company should increase its fares in Ohio to the level in effect in interstate traffic, the city of Steubenville, Ohio, and other towns petitioned the commission today for a hearing of arguments.

"This case involves most important issues as between the exercise of national power and state power, and as to whether the interstate commerce commission is to assume jurisdiction over electric street passenger lines," the petition said.

WAR IS SEEN BY BRITAIN IN IRISH TACTICS

LONDON. — (By Associated Press) — Ireland cannot be permitted to withdraw from the British empire. This is the outstanding feature of the note sent to Dublin yesterday by Prime Minister Lloyd-George, following consideration by the cabinet of the whole Irish situation. Mr. Lloyd George declared he would be glad to continue negotiations with Eamon De Valera, but warned the Irish leaders that a needless prolongation of the conversations might wreck the chance of an agreement and terminate the truce.

Newspapers today generally approved of the prime minister's reply, and expressed satisfaction that Mr. Lloyd George had declared he was willing to continue negotiations.

PAYROLL AND GEMS TAKEN IN HOLUDPS

LOS ANGELES, Calif. — (By Associated Press) — Motor car burglars were reported to the police early today to have entered the residence of F. L. Mosher, in the Hollywood quarter, and driven away with a 400 pound safe.

Mosher, told the officers the safe contained notes, bonds, silverware and jewelry valued at \$120,000.

PAYROLL TAKEN
MORGANTOWN, W. Va. — Four masked bandits today held up the paymaster of the New England Fuel and Transportation Company at Lowville, near here, and escaped with the payroll. Superintendent McCoy and Paymaster Davis Richardson of the coal company, left Fairmont early today with the payroll, amounting to \$28,000. They left the train at Lowville and were proceeding across country to the mines when the bandits, who were riding in an automobile, robbed them.

Sheriff Yost, a party of deputies and detachments of the state constabulary from Morgantown and Fairmont have gone to the scene of the robbery.

WERT FUNERAL
Funeral services for Theodore Wertz, who died Thursday night at his home, 217 1-2 S. Union-st., were held Saturday at 10 o'clock at the City Undertaking company's mortuary, W. Market-st. The Rev. J. Allen Canby, pastor of Central Church of Christ, officiated. Interment was at Woodlawn.

SHOPS POST NOTICE
CINCINNATI. — Notice of a return to the status "prior to the existing agreement" has been posted in book and job shops by members of the Cincinnati Printers' League. This action, which followed the failure yesterday of the employers and representatives of the Book Binders, Pressmen, Press Assistants and Typographical Union to reach an agreement regarding arbitration of the 44-hour week, is interpreted to mean a return to the 48-hour week and a reduction in wages beginning September 1.

YANKS MAY RETURN
WASHINGTON. — Withdrawal of the American forces on the Rhine is expected to be considered seriously by the administration once the peace treaty between the United States and Germany has been formally ratified. The view is understood to be held that there would then be no necessity of burdening Germany with the support of the forces, for which she is obligated to pay.

KILLING PROBED

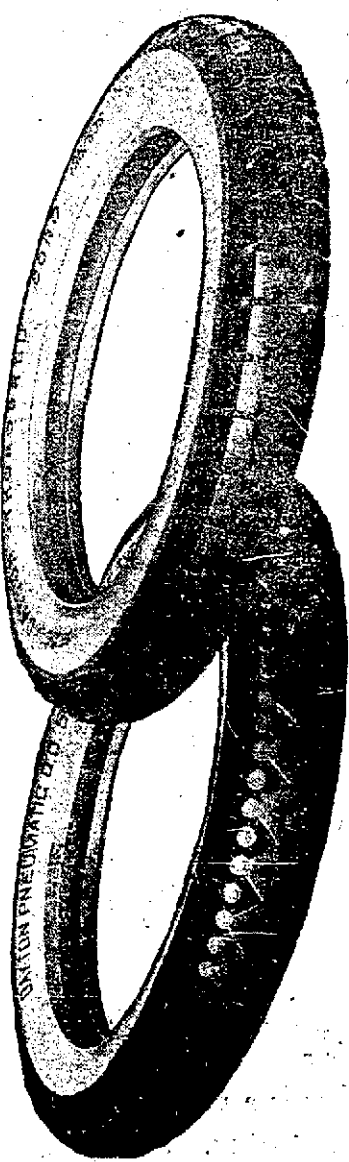

BERLIN. — Detectives were at work early today in the Black Forest near Offenburg, Baden, attempting to pick up some trace of the assassins who yesterday shot and killed Matthias Erzberger, one of the most prominent leaders of the German Centrist party. The officers had with them half a dozen police dogs. Herr Erzberger's body has been taken to Bad Griesbach.

PLANT REOPENS

LANCASTER, O. — The Fairfield Window Glass Company, closed 15 months, reopened here today for a three months run with 250 men, following an agreement by window glass workers to accept a reduction of 28 per cent in wages.

CHESTER SHARP DEAD

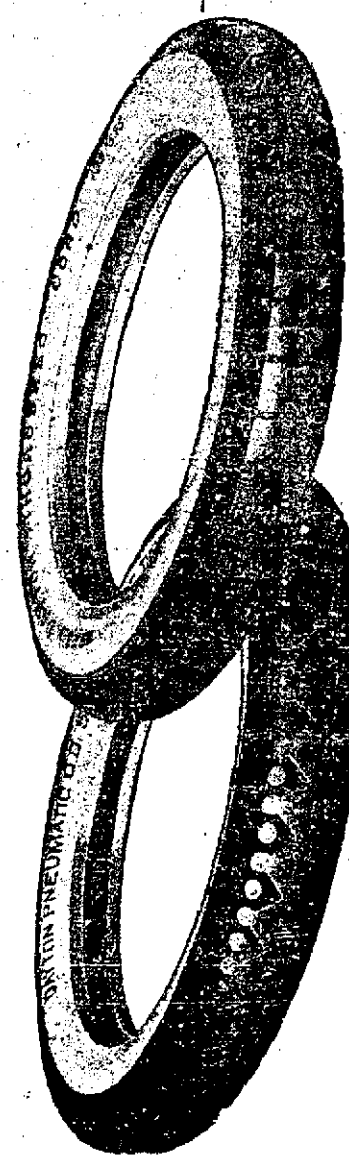

LANCASTER. — Lee Sharp, 32, founder of the Boys' Sunday School Congress of Ohio in 1910, and prominent in the boy scout movement, died here today from pneumonia.

FORM BUREAU OF CITIZENSHIP

Department Of Labor To Help Aliens

MUCH RED TAPE TO BE CUT

Will Guard Foreigners Against Propaganda

(By HARRY WARD.)

WASHINGTON — (International News Service)—Reorganization of the Bureau of Naturalization in the Department of Labor is one of the not plans of Secretary Davis. The plan is now taking practical shape and prospects are that a great new forward step may soon be taken to make life different and better for the alien newcomer and the country a safer by acquiring citizens better prepared for their new duties and privileges.

At Secretary Davis's request a bill has been introduced in Congress which will change the title of this bureau to the Bureau of Citizenship. With the change in title the bureau will take on a vastly broadened scope of activity. The old Bureau of Naturalization has always been charged with the responsibility of naturalizing foreigners, but it is Secretary Davis's plan to have the new bureau live up to its name. It will be more than a Bureau of naturalization; it will be a Bureau of Citizenship and training for Citizenship. It will instruct the public schools. It will provide for them guidance and protection. It will set up machinery to see to their proper distribution over the country, so as to avoid the old evils of congestion of new foreigners in the larger cities. Many of these new comers, for instance, arrive here with long experience, which they are forced to discard for work in the cities because they have no means of reaching the farms or of ascertaining where their farming experience may be of value.

"Among its other duties the new Bureau of Citizenship will spread knowledge of our American institutions in such a way as to hasten respect and inspire loyalty to those institutions, said Secretary Davis, in commenting on his plan. "It will begin a national campaign for bettering the physical and moral well-being of our foreign-born population. To this end the new bureau will undertake to protect the foreigner from fraud and imposition. It will provide centers of information, where persons of patriotism and character will offer guidance and advice. Where it is possible these advisers will be themselves of foreign extraction, in order to offer real sympathy and understanding and so serve to bring the alien nearer into wholesome contact with the people of their own race. Always the burden of advice will be respect for the Federal Government."

TO GUARD AGAINST PROPAGANDA
It is Secretary Davis's aim to utilize to the full the machinery of the new bureau to protect the newest alien arrivals from the evil influence of "Red" and "Communist" propaganda. One of the chief agencies in this purpose will be a thorough system of public school instruction for aliens. The women will have the benefit of classes at home. The instruction will be given in place of employment, or at other public schools. These classes will be arranged for all adults and wage-earners.

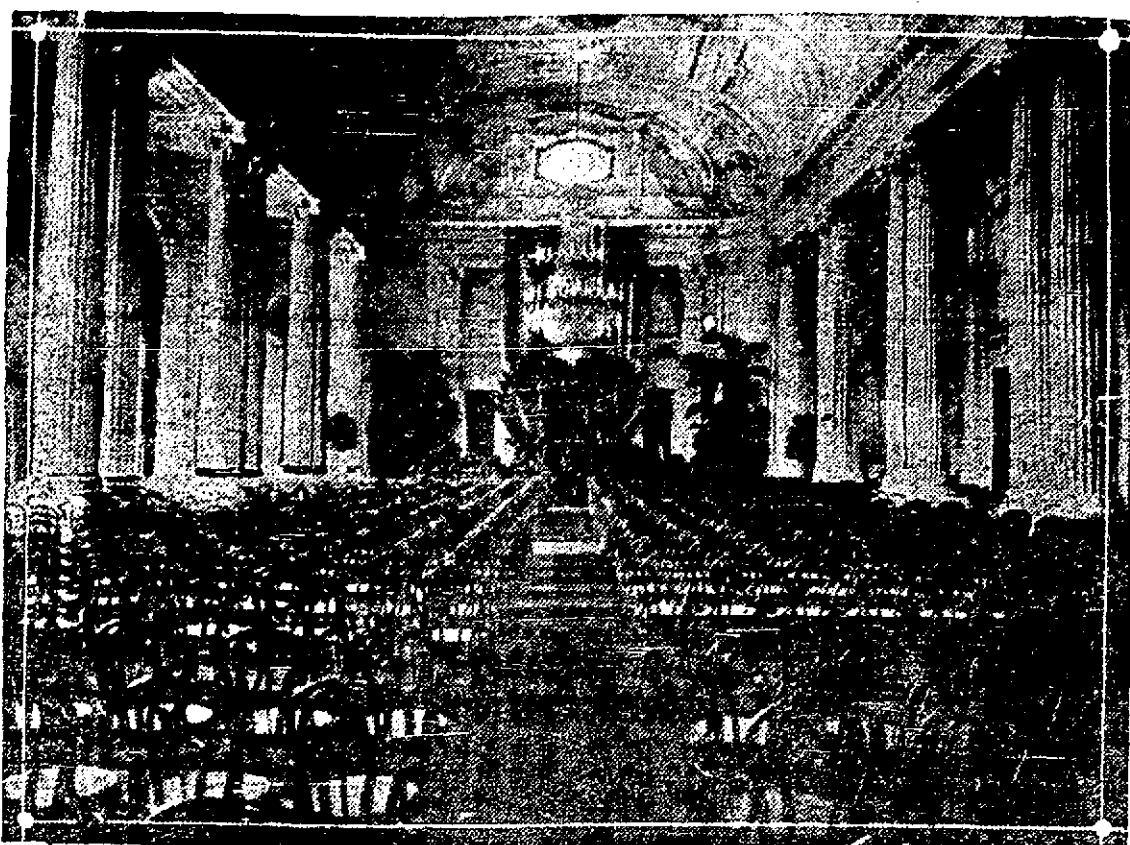

"Each alien will be required to register," said Secretary Davis. "This is not for the purpose of setting up a police system, but in order to keep track of each individual for his protection and guidance. Each registrant will be given a certificate of his registration, on payment of a fee not to exceed \$10 for adults and \$2 for wage-earners who are minors. All the money from these fees will be expended in the payment of teachers for such foreigners as need schooling. Thus the alien newcomer is to be helped to improve his own improvement and lifts the burden of his care from the shoulders of the government."

In addition to these new functions the new Bureau of Citizenship, as planned, will encourage States and community will be encouraged to teach the immigrant to speak, read and write the English language, to understand and value the privileges of citizenship and practice devotion to the institutions of our Government. In all such classes of instruction the motion picture will be liberally used. The States will be asked to adopt legal school terms of at least six months of each year for the benefit of wage-earning children and adults. To this end compulsory school attendance will be asked for. To complete the instruction, training will be provided in health and sanitation, along with physical culture.

RED TAPE TO BE CUT
Secretary Davis is convinced that the present naturalization laws need to be modernized in order to meet the actual conditions of naturalization. The bill now before Congress gives the new bureau authority to appoint officers who shall have semi-judicial power in preliminary naturalization hearings. This will have the effect of cutting much red tape and of saving much time on the part of judges as well as the time of wage-earners who desire citizenship. As naturalization is now managed the seeker after citizenship and his witnesses are forced to lose much time from work in waiting at court for the services of the court clerks in preliminary proceedings.

PAYMASTER HELD UP.
CLEVELAND — Three gunmen held up the paymaster of the Block Company and escaped with a \$1,675 payroll as it was being transferred from the company's main office to the factory.

IN THIS ROOM WORLD'S HOPES WILL CENTER ON NOVEMBER 11TH

The Hall of the Republic in the Pan American building at Washington.

This room will be the scene of next November's great international conference on disarmament and far

eastern affairs. Here the great diplomats of America, Great Britain, France, Italy and Japan will discuss the advisability of reducing arma-

ments. The Pan American building, erected nine years ago, is one of the most beautiful buildings in the national capital.

LIPTON ABANDONS YACHT RACES

May Never Again Attempt To Win American Cup.

LONDON — (By International News Service) — Sir Thomas Lipton has definitely abandoned the idea of challenging again for the America's Cup, according to his most intimate friends here. He has even given up ordinary yachting in Great Britain. Sir Thomas, when questioned, hides his decision with the statement that "he does not wish to discuss the matter at the present moment." But his yachting associates of former days refer to his decision freely.

"It is mainly a question of finances," said one of them recently. "To come down to cold facts, Lipton is not rich enough to take up the challenge again solely on his own account."

BEARS ALL EXPENSES
"There are several questions to be considered. First of all, when Lipton challenges the cup is defended by a syndicate, every member of which is probably a richer man than Sir Thomas. On the other hand, he has to bear all the expenses unaided."

"His last year's race cost him a big fortune. From the time the Shamrock was first designed in 1913 until the moment when she was finally defeated and Lipton returned to England it is estimated that the challenge cost him no less than \$2,500,000."

"It requires a great deal of consideration before such a sum can be risked again."

"And it must be remembered that a new challenger would be far more expensive than the last. Since 1914 materials are anything up to 500 per cent higher. Wages have risen over 300 per cent. Lipton used to be able to hire the best sailors in England for \$6 weekly; now the humblest members of the crew require a minimum of \$35."

LIPTON'S BUSINESS HURT
"Apart from this, Lipton's business, like every other in this country, has been going thru a bad spell on account of the trade depression. Shareholders are complaining that they no longer receive dividends at the old rate. They complain that Lipton has not been giving the same personal attention to the business as before. If he took a long holiday from England, and at the same time embarked on a huge new scheme of private expenditure, their voices would be heard still louder in protest."

"Finally Lipton is growing old. Great as is his personal ambition to win the cup and he would give every penny he possesses to do so—he knows that he could not bear the strain and anxiety of building a new challenger."

"NEARLY BROKE HIS HEART"
"His failure last year nearly broke his heart. It followed quickly on the loss of his beloved yacht Erin in the war, when all his prized trophies went down with the ship. The two events together have shaken his spirit."

"He is a much poorer man today than he was seven years ago. He still puts all his thoughts on the America's Cup, but he realizes that no longer is it for him to attempt the challenge single-handed. If he were supported by some of the great yachting institutions, or if some wealthy men associated themselves with him, he might yet have another try."

"Otherwise, it can be taken as an accepted fact that Lipton is finished with the cup. But he is too fine a sportsman to complain."

LIGHT HOUSEKEEPING IS BASIS OF DIVORCE SUIT

TWO NEGROES ARRESTED IN SHOOTING GROWING OUT OF ALLEGED ROBBERY

Arraigned in police court Saturday morning on a charge of shooting with intent to kill, William Clay, 45, 409 W. Fourth-st. negro, plead not guilty. His hearing was set for Monday afternoon. Clay is accused of shooting Sam Minto, 45, 144 W. Fourth-st., another negro, in the leg with a .32-calibre bullet.

The shooting is said to have occurred after Clay had accused Minto of entering his home with intent to steal.

Pleading not guilty to a charge of house-breaking when arraigned before Judge Jackson in police court and waiving preliminary hearing, Minto was bound over to the grand jury in \$1,000 bond. He was confined in county jail in default of bond. The charges against Minto were signed by Mary Clay, 409 W. Fourth-st., negress.

The Clay woman declares, Friday night while she and her family were at church, Minto and another man named Walker entered her home and stole a cloak valued at \$30.

RECEIVER REPORT SHOWS EARNING

WAPAKONETA — (Special) — W. T. Copeland, receiver for the Eastern Auglaize Co-operative Co., made a report to Judge F. C. Layton concerning his operation of the company's plants at New Hampshire and Waynesfield. The report shows a clear gain of \$3,352.20, divided as follows: Waynesfield, \$1,802.36; New Hampshire, \$1,749.84.

A movement is on foot for two separate companies to take over the company's business in each village. The report filed by the receiver may lend some impetus to the movement.

Funeral services for William Harrison, who died Thursday night from injuries he suffered in a fall from a tree on the county fair grounds while trimming it in preparation for the fair, will be conducted Sunday afternoon at 3 o'clock from the M. E. church, in charge of Rev. W. W. Motter, interment in Greenlawn cemetery.

Work of installing the new electric light standards along Auglaize-st. will be started week after next, it was announced. The work will not be undertaken next week because of the fair and the large number of autos which are expected to line the thoroughfare. There will be 43 of the standards.

Thursday was the last day of the playground season here. The school yards were converted into recreational centers in charge of committees of various civic bodies and provided children with wholesome sport every week.

LODGE NOTICES
Officers and members of Lima Circle No. 210, P. H. C., will hold an outing and basket dinner at Fourt Park, Sunday, August 25th. All members, their families and friends are cordially invited to attend. Games and races will be the main features of the day and prizes will be awarded. F. J. Knappe, secretary.

THE GREATEST MEDICAL AUTHORITIES NOW INSIST THAT NO MAN NEED EVER CONTRACT VENEREAL DISEASES

The most important medical discovery of modern times is that every venereal disease—no matter of what variety, or how virulent its character—can be prevented by a properly applied germicidal agent.

The fact has been proved on millions of men, during the late War, where venereal disease was reduced to less than one per cent. With PROCALINE—the ideal Prophylactic—properly applied, every venereal disease can be prevented. PROCALINE is stronger, easier to use, and more effective than the prophylactics used during the War. Your doctor will advise you to use PROCALINE and maintain yourself in sound, robust health. The formula is printed on the box; it is not a secret. Ask him about it.

JOBS OF STRIKERS ARE TAKEN

Cincinnati Rail Shops Unimpaired, Company Officials Say.

CINCINNATI — (By Associated Press).—The Pennsylvania and the Cincinnati, Lebanon and Northern railroads had a large number of men applying today for the positions of the striking machinists and helpers in the Pendleton and Undercliff shops here according to R. C. Barnard, Cincinnati superintendent of those two lines.

Between 250 and 300 men joined the walkout, railroad officials report. Many new men have already been put in their places, and the service on each of the roads is unimpaired, the officials announced. Some of the men who walked out Friday applied for re-instatement today, but were refused, Mr. Barnard said. No conferences with the strikers were pending or would be held, he declared.

The strikers were picketing the shops this morning. Efforts will be made, the strikers intimate, to have the strike made general by inducing the organized workers in other departments to join them. The railroad officials declared there was little likelihood of any spread of the strike.

Mr. Barnard said the men became resentful when several of the shop employees were disciplined, while the strikers say the walkout is the result of "the defiance of the railroad labor board by the company" in the adjustment of working conditions.

CREAM RULES ISSUED.
COLUMBUS.—All cream sold in Ohio must contain at least 13 per cent butter fat and all designated as "whipping cream," must have a butter fat content of 30 per cent thru regulations issued by Director of Agriculture Taber.

KILLED IN CRASH.
GALLIPOLIS.—Nathan Wise, 30, was killed and Lewis Entsminger and Marion Wood seriously injured when a railroad motor car on which they were riding collided with an automobile near Hobson.

WORKERS ENJOINED.
PAINESVILLE.—The Cleveland locals of the International Ladies' Garment Workers' Union were restrained by Judge A. C. Reynolds from interfering with the operation of the garment manufacturing plant of John Meyer and Son Company of this city and were assessed \$2,500 damages.

TWO DIE IN WRECK.
NAPOLÉON.—Mrs. Elizabeth Hof, 75, and Albert H. Winslow, 56, were killed, and Mrs. D. C. Stephens, 40, Mrs. R. E. Korman, 32, and Mrs. Albert H. Winslow, 45, were injured when an automobile in which they were riding overturned into a ditch. All are residents of Cleveland.

COUPLE MUST MARRY TO KEEP OUT OF WORKHOUSE

If Jeannie Hubbard, 35, mulatto and Thomas Harris, 25, negro, both of 447 Lake-st want to keep out of Toledo workhouse they must marry. That's the edict handed down by Judge Jackson in police court Saturday.

The couple was arraigned before Judge Jackson on a charge of disorderly conduct. Jeannie and Tom assured the judge they would get married. So he permitted them a chance. With the admonition they would be sent to the workhouse if they fail.

ALERTNESS OF U. S. WOMEN PRAISED

Mrs. Austin Compares Americans With English.

BRITONS IMPROVE DRESS

Novelist Corrects Divorce Fallacy In This Country.

LONDON. — (By International News Service). — "I find on the whole that American women are better informed and more alert on world affairs than English women. You have few women of exceptional ability."

This is the view expressed by Mrs. Mary Austin, the well-known American novelist.

"There is a great demand in America," she says, "for women's points of view on feminist questions, as we have not had the vote very long and are keen to know how other countries are dealing with all the women problems which arise out of the war."

"A democracy does not tend to produce exceptional types. Women at home are doing a very great deal in local matters, and our men are disposed to turn over local matters to the women, who are working to secure better sanitation, education, etc."

"A man who votes will call up his wife on the telephone and say: 'Mother, how did you tell me to vote on the new sanitation question?'"

"Do you see any difference in England since you were here before?"

"It is ten years since I was here," Mrs. Austin replied. "I see a vast improvement in the dress of the working classes. I do not see any more dingy hand-me-downs on the women and the men are better groomed."

"Then I notice, too, a changed attitude in the way the English people treat Americans — they are more cordial. I think the working classes have improved in every way enormously."

"I'm rather disturbed to see so many American films in London. I've walked miles to find a British film. I am particularly interested in films, as I write scenarios myself."

"But what worries me is that the films do not represent American life, and therefore give false ideas of our social and working life."

"Our stenographers do not wear ropes of pearls and sable wraps as the films from over there would lead one to believe."

Mrs. Austin is the founder of the Community Theatre movement, and it is to lecture on this subject also that she has come to London.

CORRECTS DIVORCE FALLACY
"Now about the fallacy that Americans are always being divorced—it is entirely wrong. The average people in America are happy. But all the literature we get from England deals with marital troubles, of unpleasant subjects of life."

Criticizing English women, Mrs. Austin expressed surprise that so many were so keen on sport and spent so much of their leisure on the tennis courts or golf links.

Mrs. Austin has had a life of excitement that many a biographer would crave to write. For many years she lived with Indians in the deserts of Arizona, California, and New Mexico, studying their modes of life.

She has a scar on her arm which

Children Cry for Fletcher's Castoria.

The Effects of Opiates.

THAT INFANTS are peculiarly susceptible to opium and its various preparations, all of which are narcotics, is well known. Even in the smallest dose, if continued, these opiates cause changes in the functions and growth of the cells which are likely to become permanent, causing stunted and grooved, a craving for alcohol or narcotics in later life. Nervous diseases, such as intractable nervous dyspepsia and lack of staying powers are a result of dosing with opiates or narcotics to keep children quiet in their infancy. The rule among physicians is that children should never receive opiates in the smallest dose for more than a day at a time, and only then if unavoidable.

The administration of Anodynes, Drops, Cordials, Soothing Syrups and other narcotics to children by any but a physician cannot be too strongly deprecated, and the druggist should not be a party to it. Children who are ill need the attention of a physician, and it is nothing less than a crime to dose them willfully with narcotics.

Castoria contains no narcotics if it bears the signature of Chas. H. Fletcher. Genuine Castoria always bears the signature of Chas. H. Fletcher.

Children Cry for Fletcher's Castoria.

SUES FOR \$5,000

Dan Sisson Charges False Accusation by T. F. Brady.

Five thousand dollars is the amount asked by Dan Sisson, 304 N. Jackson-st., from Thomas F. Brady, 115 N. Jameson-ave, for a few words, alleged to have been spoken by Brady at Sisson's home on August 19.

Sisson, in an action for damages, charges that Brady said to him: "You have some cans of milk belonging to the Swift company hidden in your house and I want them. Two men saw you carry two cans of milk in your house and I'm going to get them. You're a thief. I didn't think the White Mountain Creamery company would have a thief working for them."

Brady is said to be manager of the produce department of Swift & company. Sisson is a driver for the White Mountain Creamery company.

HEARING IN EPILEPSY
Hearing on an epilepsy charge will be held Monday morning in the case of Edward Morkoetter, 26, Delphos, in probate court. Object is to adjudge Morkoetter an epileptic and have him committed to the hospital at Gallipolis for treatment. For ten years he has been suffering from the disease, the petition says.

J. Kennard Johnson, manager of the Chamber of Commerce, who has been spending an extensive vacation in the east will return to Lima on Wednesday. During his absence, Johnson spent some time in research work at the American Civic bureau in New York and at the offices of the Pennsylvania Chamber of Commerce in Harrisburg.

Sunday Evening Sermon Subject "Do Unseen Spirits Walk This Earth?"

One Born Every Fourth Minute

A LADY who had a family of three children didn't want any more because she had heard that every fourth child born in the world was a Chinaman.

As ludicrous, perhaps, as an old misconception some skeptical folks used to have about advertising.

There was a time, when some advertisements had to be taken with a grain of salt. A few misguided advertisers thought they could sell their goods better by misrepresenting them. Those advertisers have long since gone out of business or mended their ways. Hard experience taught that untruthful advertising didn't pay.

Other advertisers proved that the only way to advertise successfully, make regular customers, and build up good will was to tell the absolute truth about their goods in their advertisements.

You can depend on the merchant or manufacturer who advertises. The concern that tells you frankly what it is doing is a good concern with which to do business. The store that advertises is a progressive store that has something really worth while to say to you. And companies that advertise their products or their service have confidence in them. You can safely share their confidence.

Inferior merchandise cannot masquerade in the quality clothes of advertising.

Read the advertisements!

GET-AWAY DAY FEATURE GOES TO ALEXANDER B

Slow Time Is Made In Stake Race

That the highest stakes do not always bring the highest class racing was demonstrated here Friday afternoon when Alexander B, piloted by Spec Erskine, captured the Lima Business Men's Stake, in one of the cheapest stake races witnessed here in many a moon.

There are few fairs in the state offering \$2,000 purses. In fact put another thousand berries to that price and you have a stake fit for the grand circuit. But the \$2,000 purse here yesterday did not prove a great incentive for fast horses. The stake race was a 2.18 trot with a field of six horses. The best time that Alexander B negotiated the mile in was 2:12 1-4, while it took him 2:15 to travel the mile in the final heat of the event. However, at this, Alexander B was not heavily crowded by the other trotters in the field.

TWO HORSES DISTANCED
In the first heat, Ross Azoff and Liberty Todd were practically off their feet when they received the word. The driving of two veterans like Al Pennock and Stinson could not make the two horses finish within the flag. As a result two trotters which looked like worthy contenders were distanced before they had a chance to display their ability.

Alexander B broke in the stretch, and was running under the wire. Lilac Hills and Peter Pfaff were neck and neck under the wire. The judges awarded the heat to Alexander B, while the Winnings entry was second.

Clay Dagler got Peter Pfaff away to a sweet lead in the second heat. Alexander B forging ahead of the Winnings entry, but broke and dropped back. Lilac Hills trailing the leader also broke, and Erskine stepped Alexander B up ahead of the field. The Columbus driver let in a little more daylight between himself and Peter Pfaff on the stretch, winning the heat by at least three lengths. The third heat was Alexander B's throust.

FASTWORTHY EASY VICTOR
Nine pacers entered the 2:22 race which was captured by Coastworth, son of Bmo. Morrison, Canadian had Larry Zombro entered in this event, but the bay was untrained to the occasion, and Coastworth had little difficulty in grabbing the event in straight heats. Sun, G. Pigua mare, and Polly ston owned by J. C. Downing of Navesfield fought the Canuck hard for place.

Cliff Todd behind Frances S in the 2:19 trot experienced little difficulty in capturing that event in straight heats. Georgia Regina, daughter of Jim Todd caused him some worry in the first heat. Morrison driving Topsy Todd, another daughter of Jim Todd, trailed the winner in the two final heats.

THEATRES
AT THE ORPHEUM
Hauk's Sunshine Revue continues to hold forth at the Orpheum, matinee and evening. Special selections by The Four Musical Kings, also violin selections by Mr. Kleeber. Good comedy and musical feature this performance.
AT THE FAUROT
For the last times today, Sir James Barrie's "Sentimental Tommy" is being shown at the Faurot Opera House. Gareth Hughes and May MacAvoy head the cast.
AT THE SIGMA
Earle Williams is starred in "It Can Be Done" appearing today at the Sigma theatre. Also a Monty Banks comedy.
AT THE LYRIC
Edith Storey is seen in the star role of "The Golden Hope" at the Lyric theatre. Added features.
AT THE MAJESTIC
"Two Moons" with Buck Jones in the leading characterization, is the feature attraction today at the Majestic theatre.

All-Stars Drop Third Game Of Champ Series

The Pirates took the lead in the series for the Junior Championship of Lima Friday afternoon, when they defeated the All-Stars 11-5. Although the Pirates got only three more hits than the All-Stars they fielded more perfectly and this proved to be the secret of their success.

In the first frame the All-Stars took the lead by putting over two runs, while the Pirates could obtain nothing. The All-Stars were held scoreless for the next four innings while the Pirates brought their total up to five tallies. In the next inning the All-Stars made three more runs. They were held scoreless for the remainder of the game while the Pirates brought in seven more runs for a total of twelve tallies.

The next game will be played Monday afternoon at 2:30 o'clock.

BANDITS SEIZE \$148,000

DAVIS TAKEN IN SWINDLE PROBE

CANTON, O. — (By Associated Press) — Zebulon W. Davis, wealthy Canton and Cleveland manufacturer, was arrested here today by Deputy U. S. Marshal D. J. Conner on a charge of using the mails to defraud. Davis, thru his attorneys, waived a reading of the affidavit, when arraigned before U. S. Commissioner Julius Whiting, Jr., and was released on \$25,000 bond for his appearance in the federal court in Chicago.

GROWTH IN RAIL PROFITS CLAIMED

COLUMBUS — (By Associated Press) — Asserting that the earnings of Ohio railroads have increased month by month beginning last January, Beecher W. Waltemire, counsel for the Ohio Paving Brick Manufacturers' association, said that the carriers will probably earn more than six per cent this year. He further says that railroads will make greater profits because of the reduction in wages and the decrease in operating expenses.

He points out in his brief drawn up in the interest of the paving brick industry, on data gathered from the recent utilities commission investigation of alleged excessive freight rate charges on road material, that the railroads based their defense on the deficit of one road and the small earnings of a few others and said nothing about large profit earnings systems.

GLASS WORKERS RESUME WAGE CUT CONFERENCE

CLEVELAND. — The wage committee of the National Window Glass Workers' Association today resumed consideration of the manufacturers' offer of a 25 per cent wage reduction. A conference was held last night but no decision was reached. Denial that an agreement affecting "band plants" had been reached at a conference with manufacturers in Pittsburgh last Wednesday was made by Joseph Neenan, president of the union. Pittsburgh dispatches stated Neenan had accepted a 25 per cent reduction.

100 RESCUE TEAMS RACE FOR HONORS

ST. LOUIS. — (By Associated Press) — One hundred mine rescue, and first aid teams, representing 25 states and Canada and Mexico, will compete for honors at the annual International First Aid and Mine Rescue Meet here September 1, 2, and 3 under the auspices of the United States Bureau of Mines, in co-operation with mine operators, associations, miners organizations, the National Safety Council and the Red Cross.

Under conditions, approximating as closely as possible those found in mines during disastrous fires and explosions, teams will rescue supposedly entombed miners from a specially constructed gallery and other teams will administer first aid to supposedly injured miners.

John J. Lewis, president of the United Mine Workers of America, United States Senator Miles Poindexter of Washington, chairman of the Senate Committee on mines and approximately 1,000 mining men from all parts of the country are expected to attend the meeting.

ZR-2 PROBE TO BE MADE IN SECRET

HOWDEN, England — (By Associated Press) — Formal investigation of the disaster which destroyed the dirigible ZR-2 on Wednesday afternoon and caused the deaths of more than forty of her personnel, began here today. Sir Hugh Montague Trenchard, British air marshal, was in charge of the inquiry, a number of British and American officers were present to give testimony.

Plans for the investigation did not contemplate public sessions of the court and it was believed probable that nothing would be given publication until after the findings of the court had been communicated to the British government.

The work of lifting the wreck of the ZR-2 from the Humber river at Hull continued today. Two bodies, those of Albert L. Loftin, an American who was acting as mechanic on board the dirigible, and Flight Sergeant A. P. Martin, a British member of the crew, were recovered yesterday.

BUILDING BURNED
WARREN, O. — A creamery building owned by the George S. Hart Company of New York was completely destroyed by fire today. The loss is estimated at between \$6,000 and \$8,000. Origin of the fire has not been traced.

BOY KILLED
BELLEFONTAINE, O. — Harold Albert, 18 years of age, today died four hours after his skull was fractured when his motorcycle went into a ditch.

REHEARING IS ASKED IN RAILROAD FARE INCREASE

WASHINGTON — Asserting that only five members, a minority of the interstate commerce commission, concurred in the decision that the Wheeling Traction Company should increase its fares in Ohio to the level in effect in interstate traffic, the city of Steubenville, Ohio, and other towns petitioned the commission today for a hearing of arguments.

"This case involves most important issues as between the exercise of national power and state power, and as to whether the interstate commerce commission is to assume jurisdiction over electric street passenger lines," the petition said.

WAR IS SEEN BY BRITAIN IN IRISH TACTICS

LONDON — (By Associated Press) — Ireland cannot be permitted to withdraw from the British empire. This is the outstanding feature of the note sent to Dublin yesterday by Prime Minister Lloyd George, following consideration by the cabinet of the whole Irish situation. Mr. Lloyd George declared he would be glad to continue negotiations with Eamon De Valera, but warned the Irish leaders that a needless prolongation of the conversations might wreck the chance of an agreement and terminate the truce.

Newspapers today generally approved of the prime minister's reply, and expressed satisfaction that Mr. Lloyd George had declared he was willing to continue negotiations.

PAYROLL AND GEMS TAKEN IN HOLUDPS

LOS ANGELES, Calif. — (By Associated Press) — Motor car burglars were reported to the police early today to have entered the residence of F. L. Mosher, in the Hollywood quarter, and driven away with a 400 pound safe.

Mosher, told the officers the safe contained notes, bonds, silverware and jewelry valued at \$120,000.

PAYROLL TAKEN
MORGANTOWN, W. Va. — Four masked bandits today held up the paymaster of the New England Fuel and Transportation Company at Lowville, near here and escaped with the payroll. Superintendent McCoy and Paymaster Davis Richardson of the coal company, left Fairmont early today with the payroll, amounting to \$28,000. They left the train at Lowville and were proceeding across country to the mines when the bandits, who were riding in an automobile, robbed them.

Sheriff Yost, a party of deputies and detachments of the state constabulary from Morgantown and Fairmont have gone to the scene of the robbery.

WERT FUNERAL
Funeral services for Theodore Wertz, who died Thursday night at his home, 217 1-2 S. Union-st., were held Saturday at 10 o'clock at the City Undertaking company's mortuary, W. Market-st. The Rev. J. Allen Canby, pastor of Central Church of Christ, officiated. Interment was at Woodlawn.
